## CLIENT CASE STUDY

### Client Case Study - Dream Clean Ovens:

In 2017, Nick Lambert appointed Goldstein Legal to help him franchise his business, Dream Clean Ovens. Dream Clean Ovens is a professional oven-cleaning company with customers throughout Berkshire, Hampshire, and Surrey.

**Franchisor, Nick Lambert, says:** “Working with Goldstein Legal has been fantastic. From my first meeting with Roz [Goldstein], everything ran smoothly - no hiccups. Goldstein Legal know franchising inside out.

The team listened to our plans and provided the legal advice we needed to franchise Dream Clean Ovens and make it a success. They drafted our *franchise agreement* and carried out essential work to protect our brand, such as registering our *trade marks*.

Roz drafted our franchise agreement to meet the bfa’s ethical standards. This has allowed us to register as provisional bfa members (Roz sponsored our membership application). Most importantly, our franchise agreement isn’t a one-sided contract - it protects both our interests *and* those of our franchisees. This is really important to us.

I have full faith in our franchise agreement and am now recruiting franchisees. I feel confident, knowing Goldstein Legal are there to support us with all our legal needs going forward.”

### Who We Are & What We Do

**Goldstein Legal** is a Windsor-based commercial law firm specialising in franchise law. Our expert team provides jargon-free legal services to franchisees and franchisors throughout their business journey.

Our managing director, Roz Goldstein, is on the bfa board of directors and has over 20 years’ experience in franchise law.

### Our services, include:

- Drafting & negotiating franchise agreements
- Intellectual Property (e.g trade mark registrations)
- Franchise agreement reviews
- Franchise resales
- Advising on franchise disputes

**Whether you’re new to franchising or looking to expand your franchise business, we can help you succeed.**
